EDUCATION

PH.D. UNIVERSITY OF HAWAII AT MĀNOA, FALL 2014

Specializations: Biological Oceanography

Dissertation Title: Microbial ecology in the sediment-covered ocean basement fluids of the Juan de Fuca Ridge eastern flank

B.S. UNIVERSITY OF WISCONSIN AT MADISON, SPRING 2007

Specializations: Bacteriology and Biology

Travel-study experiences:

- Kampala, Uganda, December-January 2006
- Brisbane, Australia, June-November 2005

PROFESSIONAL EXPERIENCE

February 2019 – present

Data Scientist

U.S. Department of Energy – Lawrence
Berkeley National Laboratory –
Environmental Genomics & Systems
Biology Division
Berkeley, CA

- Active contributing member of the Systems Biology Knowledge Base (KBase) project.
- Responsible for designing, packaging and applying new microbiome-relevant computational tools within KBase.
- Developing novel data analysis and visualization techniques for high-throughput quality control of microbial genomes.

Affiliation:

University of California
Department of Bioengineering
Berkeley, CA

February 2017 – February 2019

Computational Biology Postdoctoral Fellow

U.S. Department of Energy – Lawrence
Berkeley National Laboratory – Joint
Genome Institute
Walnut Creek, CA

- Conducted a large scale bioinformatic investigation focused on the identification and description of ~50,000 metagenome-assembled genomes. Achieved an expansion in the known bacterial and archaeal genomic diversity by nearly two fold.
- Responsibilities included metagenomic data analysis, publication of results, workshop and conference participation and networking, and promotion of institute tools and activities.

November 2015 – October 2016

Post-doctoral Research Associate

Earth Sciences Dept.
Univ. of Southern California
Los Angeles, CA

- Coordinated genomic-based investigations of microbial life in the marine and terrestrial deep subsurface.
- Responsibilities included metagenomic data analysis, publication of results, proposal writing, workshop and

conference participation and networking, and mentoring of graduate students.

September 2014 – October 2015

Oceanography Dept.
Univ. of Hawaii at Manoa
Honolulu, HI

Post-doctoral Research Scholar

- Implemented genomic-based investigations associated with highly successful dissertation research project focused on the use of molecular techniques to study microbial life within deep subseafloor crustal fluids.
- Responsibilities included role of lead observer during submersible platform operations for deep-sea sample collection, application of molecular microbiology techniques, data analysis, publication of results, proposal writing, workshop and conference participation and networking, and co-supervision of laboratory technicians and student helpers.

July 2008- September 2014

Oceanography Dept.
Univ. of Hawaii at Manoa
Honolulu, HI

Graduate Research Assistant and Fellow

- Planned and coordinated a research project focusing on the use of molecular techniques to probe the nature of microbial life within deep subseafloor crustal fluids.
- Responsibilities include co-leadership role of lead observer of submersible platform operations for deep-sea sample collection, application of molecular microbiology techniques, data analysis, publication of results, proposal writing, workshop and conference participation and networking, and mentoring and supervision of undergraduate students.
- Research conducted as a Consortium for Ocean Leadership Schlanger Ocean Drilling Fellow and a Center for Dark Energy Biosphere Investigations Graduate Fellow.

February 2012-January 2013

Oceanography Dept.
Univ. of Hawaii at Manoa
Honolulu, HI

Graduate Research Assistant

- Participated as a seagoing member of Hawaii Ocean Time-Series (HOT) team and helped conduct monthly sampling at long-term biogeochemical time-series location station ALOHA.
- Duties included cruise loading, equipment setup, deployment, and retrieval, biogeochemical sample collection, and basic analytical chemistry.

August 2007-April 2008

Lucigen Corporation
Middelton, WI

Research Scientist

- Contributed with a team of scientists to research and develop a range of novel molecular tools including fluorescent proteins, cloning vectors, polymerases, and protein purification schemes.
- Trained entry-level staff in basic laboratory duties and procedures.

August 2004-May 2005

Undergraduate Research Assistant

Comparative Biosciences Dept.
Univ. of Wisconsin at Madison
Madison, WI

- Planned an independent research project focused on hibernation cycle-induced protein expression profiles within the DNA damage/apoptotic pathway of colonic tissue cells in the thirteen-lined ground squirrel, *Spermophilus tridecemlineatus*.

FELLOWSHIPS, HONORS & AWARDS

Center for Dark Energy Biosphere Investigations (C-DEBI) Graduate Student Fellowship, 2012-2014
(\$64,000)

Consortium for Ocean Leadership U.S. Science Support Program Schlanger Ocean Drilling Fellowship,
2010-2011 (\$28,000)

University of Wisconsin at Madison College of Agriculture and Life Sciences Dean's List
(2004-2007, 3 of 6 Semesters)

University of Wisconsin at Whitewater College of Business and Economics Academic Honors
(2003, 2 of 2 Semesters)

Travel-Related

International Ocean Discovery Program (IODP) U.S. Science Support Program (USSSP) at the Consortium for Ocean Leadership Travel Award, "ECORD Training Course: The Virtual Drillship Experience", University of Bremen, Germany, 2015 (\$2500)

Deep Submergence Science Committee (DeSSC) Early Career/Student Program and Meeting Travel Award, 2013 (\$720)

Astrobiology Society Travel Award, 2013 (\$500)

Deep Submergence Science Committee (DeSSC) Early Career/Student Program and Meeting Travel Award, 2012 (\$500)

U.S. National Science Foundation Research Coordination Network, German Research Foundation (DFG), and German Integrated Ocean Drilling Program at the Federal Institute for Geosciences and Natural Resources (BGR) Travel Award, "Ocean Crust Processes and Consequences for Life" Workshop, University of Bremen, Germany, 2012 (\$1790)

U.S. National Science Foundation Research Coordination Network and Consortium for Ocean Leadership U.S. Science Support Program Travel Award, "Deep Biosphere Sediment Microbiology" Workshop, University of North Carolina at Chapel Hill, 2011 (\$952.98)

University of Hawaii at Manoa Graduate Student Organization Travel Award, "13th International Symposium for Microbial Ecology" Conference, Seattle, Washington, 2010 (\$460)

Consortium for Ocean Leadership U.S. Science Support Program Travel Award, "Subseafloor Ocean Biosphere and Borehole Observatory Science" Workshop, Kailua-Kona, Hawaii, 2009 (\$1065)

RELEVANT FIELD EXPERIENCE

- (18) Atlantic Continental Shelf, URI Inner Space Center shore-based participant, AT36 (August 3 – 8, 2016)
- (17) Atlantic Continental Shelf, *R/V Atlantis – DSV Alvin II* cruise participant, AT36 (July 28 – August 2, 2016)
- (16) **Juan de Fuca Ridge (JdFR) flank**, *R/V Atlantis – DSV Alvin II* cruise participant, AT26-18 (August 10 – August 24, 2014)
- (15) **JdFR flank**, *R/V Atlantis – ROV JASON-II* cruise participant, AT26-03 (July 13 – July 26, 2013)
- (14) **North Pacific Subtropical Gyre (NPSG)**, *R/V Kilo Moana* cruise participant, KM12-23 & HOT 247 (October 6-10, 2012)
- (13) **NPSG**, *R/V Kilo Moana* cruise participant, KM12-18 & HOT 245 (August 16-20, 2012)
- (12) **NPSG**, *R/V Kilo Moana* cruise participant, KM12-16 & HOT 244 (July 30 – August 3, 2012)
- (11) **NPSG**, *R/V Kilo Moana* cruise participant, KM12-13 & HOT 243 (June 25-29, 2012)
- (10) **NPSG**, *R/V Ka'Imikai-O-Kanaloa* cruise participant, KOK12-05 & HOT 242 (May 29 – June 2, 2012)
- (9) **NPSG**, *R/V Ka'Imikai-O-Kanaloa* cruise participant, KOK12-02 & HOT 241 (April 30 – May 4, 2012)
- (8) **NPSG**, *R/V Kilo Moana* cruise participant, KM12-05 & HOT 240 (March 23-27, 2012)
- (7) **NPSG**, *R/V Ka'Imikai-O-Kanaloa* cruise participant, KOK12-01 & HOT 239 (January 17-21, 2012)
- (6) **JdFR flank**, *R/V Atlantis – ROV JASON-II* cruise participant, AT18-07 (June 28 – July 14, 2011)
- (5) **JdFR flank**, *D/V JOIDES Resolution* shore-based participant, IODP Expedition 327
- (4) **JdFR flank**, *R/V Atlantis – ROV JASON-II* cruise participant, AT15-66 (June 13 – July 1, 2010)
- (3) **JdFR flank and ridge-axis**, *R/V Atlantis – DSV Alvin* cruise participant, AT15-51

(August 20 – September 6, 2009)

(2) **Waianae Coast, Oahu, Hawaii**, *R/V Kilo Moana* cruise participant, KM09-06
(February 12 – February 15, 2009)

(1) **JdFR flank**, *R/V Atlantis – DSV Alvin* cruise participant, AT15-35 (July 24 – August 14, 2008)

TEACHING

TEACHING EXPERIENCE

Fall 2008: University of Hawaii at Manoa Department of Oceanography Teaching Assistant for Introductory Oceanography Laboratory Class “Science of the Sea”

- Assisted lead instructors with “Science of the Sea” introductory oceanography lecture (OCN 201), conducted weekly office hours to enhance student understanding, and participated in student assessment.
- Administered a single component of the adjunct laboratory course “Science of the Sea Laboratory” (OCN 201L), involving weekly lab preparation, lecturing, student tutoring and assessment.

Fall 2006: University of Wisconsin at Madison Department of Bacteriology Undergraduate Teaching Assistant for Introductory Microbiology Laboratory Class “Prokaryotic Microbiology Laboratory”

- Assisted lead instructors with “Prokaryotic Microbiology Laboratory” course for microbiology majors (BACT 304).
- Responsibilities included preparing experiment materials, setting up student workspaces, assisting students with conduction of laboratory practical, and assessing student technique and knowledge base.

STUDENTS AND TECHNICIANS MENTORED OR ADVISED

November 2015 – October 2016: Lily Momper, Guang-Sin Lu, Laura Zinke, USC Graduate Students

April 2015 – September 2015: Kimberly Teehera, UH-undergraduate, NASA Space Grant Fellowship

February 2014 – August 2015: Everett H Omori, BS, Rappé Laboratory Technician

August 2011 – May 2012: Lani Johnson, UH-undergraduate, C-MORE Scholars Program Trainee, Undergraduate Research Opportunities Program Scholar

SERVICE

REFEREEING

COMMUNITY OUTREACH

- 2016: Lecturer, “Investigating Novel Microbial Life in the Deep Igneous Oceanic Crust”, Community College Instructors Workshop, University of Southern California sponsored by C-DEBI.
- 2015: Lecturer and Activity Lead, “Microbial Life Inside the Seafloor” and “BLAST Astrobiology Activity”, Education and Research: Testing Hypotheses (EARTH) Mini-Workshop, Kaimuki Middle School sponsored by Monterey Bay Aquarium Research Institute.
- 2014: Lecturer, “C-DEBI Research & Astrobiology” at “Astrobiology and Microbes Workshop for Science Teachers”, Microbial Oceanography Workshop for Science Teachers, Moloka’i High School Library sponsored by the UH-Manoa Institute for Astronomy, C-MORE, and C-DEBI.
- 2014: Lecturer, “History of the Alvin Submersible”, Microbial Oceanography Workshop for Science Teachers, Moloka’i High School Library sponsored by the UH-Manoa Institute for Astronomy, C-MORE, and C-DEBI.
- 2014: Lecturer, “Subsurface Seafloor Microbial Life” at “CDEBI/Astrobiology” Workshop and Camp, Mokupapapa, Hilo, Hawaii sponsored by the UH-Manoa Institute for Astronomy, C-MORE, and C-DEBI.
- 2014: Lecturer, “C-DEBI Research and Astrobiology” at “Astrobiology/Microbial Oceanography” Workshop, Sacred Hearts Academy, Lahaina, Maui sponsored by the UH-Manoa Institute for Astronomy, C-MORE, and C-DEBI.
- 2014: Lecturer, “Submersibles at the Ocean Floor for C-DEBI Research” at “Life in Our Oceans” Workshop, Manoa Public Library sponsored by the UH-Manoa Institute for Astronomy, C-MORE, and C-DEBI.
- 2014: Lecturer, “Diversity of Seafloor and Subseafloor Environments – C-DEBI Research & Relevance to Astrobiology”, Microbial Oceanography Workshop for Science Teachers, Moloka’i High School Library sponsored by the UH-Manoa Institute for Astronomy, C-MORE, and C-DEBI.
- 2015-2014, 2012, 2009-2010: Judge, Hawaii State Science and Engineering Fair
- 2013: Contributor, SOEST Graduate Student Blog
- 2013: Lecturer, “C-DEBI Microbial Oceanography (and relevance to Astrobiology)”, Astrobiology Laboratory Institute for Instructors (ALI²) National Summer Teacher Workshop, University of Hawaii at Manoa sponsored by the UH-Manoa NASA Astrobiology Institute
- 2013: Lecturer, “Diversity of Seafloor and Subseafloor Environments”, Academy of the Pacific.
- 2013: Lecturer, “Diversity of Seafloor and Subseafloor Environments”, University of Hawaii at Manoa Marine Science Professional Development Workshop sponsored by the UH-Manoa Institute for Astronomy, C-MORE, and C-DEBI.
- 2011, 2013: Research Scientist Participant, Deep Earth Academy Ship-to-Shore Scientist Interviews & Activities
- 2012-2013: Reviewer, University of Hawaii at Manoa School of Ocean and Earth Science and Technology TGIF Mini-Grant Program Proposals
- 2011-2013: Member, C-MORE Professional Development Organizing Committee

2009-present: Tour Guide, Hawaii Institute of Marine Biology Community Education Program

2011: Exhibitor, C-MORE “Under Pressure” Module, UH-Manoa SOEST Open House

2006-2008: Divemaster, University of Wisconsin at Madison Hooper’s SCUBA club

2006-2007: Treasurer, University of Wisconsin at Madison Hooper’s SCUBA club

2004-2006: Public Relations Chair, University of Wisconsin at Madison Pre-Veterinary Club

P R O F E S S I O N A L D E V E L O P M E N T

LEADERSHIP

Lead scientific (port) observer, HOV Alvin and Alvin-II Operations Onboard R/V *Atlantis* AT15-35, AT15-51, and AT26-18

- Executed submersible operations science plan during three deep-sea dives to 2,650 meters depth.
- Co-planned basement fluid sampling efforts.

Certificate in “Art of Leadership”, University of Hawaii Manoa Outreach College, April 2014

- Attended 40 hours of instructional training in leadership activities, including: collaborative principles, coaching and mentorship, emotions of leadership, giving and receiving constructive feedback, proactive listening, expressing thoughts and ideas, moving from conflict to collaboration, strategies for navigating change, influencing win-win outcomes, and giving recognition.

Co-lead watch, ROV *Jason II* Operation Onboard R/V *Atlantis* Cruise AT18-03, July 2013

- Executed deep submersible operations science plan under discretion of chief scientist.
- Planned and conducted basement fluid sampling efforts.

Certificates in Leadership, Mentorship, and Outreach, Center for Oceanography: Research and Education Professional Development Training Program, May 2013

- Awarded for completion of program modules, which included leadership of Professional Development Organizing Committee, outreach training and leadership of C-MORE outreach events, mentorship training and conduction of a successful mentorship experience.

Co-organizer and co-moderator, C-MORE Networking Workshop, February 2013

- Planned and coordinated a networking event with collaborators across the country to be held at the national ASLO 2013 Aquatic Sciences Meetings.
- Workshop roles included co-moderation and lead of one-hour section focused on ideas for continuing collaborations.

President, C-MORE Professional Development Organizing Committee, February – December, 2013

- Responsible for coordinating and leading monthly teleconference meetings involving participants spanning multiple C-MORE affiliated universities and research institutes.
- Administered and continued development of extent Professional Development Training Program.
- Organized roles and responsibilities of Professional Development Organizing Committee members.

Co-organizer and co-moderator, C-MORE “Career Choices in Oceanography and Related Fields”
Workshop, November 2013

- Planned and coordinated an event featuring careers of varied oceanographic disciplines, including biotechnology, government, researcher, education, and environmental consultation.
- Workshop roles included co-moderation and facilitation of audience/speaker interactions.

PROFESSIONAL ORGANIZATION MEMBERSHIPS (Active + Inactive)

Astrobiology Society, International Society for Subsurface Microbiology (ISSM), International Society for Microbial Ecology (ISME), Association for the Study of Limnology and Oceanography (ASLO), The Oceanography Society (TOS), Marine Technology Society (MTS), American Geophysical Union (AGU), American Association for the Advancement of Science (AAAS), American Society for Microbiology (ASM)

CONFERENCES, WORKSHOPS & SHORT-COURSES ATTENDED

NATIONAL & INTERNATIONAL

2019: American Society for Microbiology Annual Meeting, San Francisco, CA (21 – 24 Jun)

2019: Joint Genome Institute (JGI) Users’ Meeting, San Francisco, California (4 – 5 Mar)

2019: NeLLi 2017: From New Lineages of Life to New Functions – DOE Joint Genome Institute Meeting, San Francisco, CA (2-3 Apr)

2018: UC-Davis Biennial Genome Assembly Workshop, Davis, CA (17-20 Dec)

2018: Joint Genome Institute (JGI) Users’ Meeting, San Francisco, California (13 – 16 Mar)

2017: Archaea: Ecology, Metabolism & Molecular Biology – Gordon Research Conference, Waterville Valley, NH (Jul 23 – Jul 27)

2017: NeLLi 2017: From New Lineages of Life to New Functions – DOE Joint Genome Institute Meeting, Walnut Creek, CA (5-6 Apr)

2016: UNOLS Deep-Submergence Science Leadership Cruise, Woods Hole, MA and Narragansett, RI (26 Jul – 8 Aug)

2016: Origins and Movements of Subsurface Microorganisms Workshop sponsored by DCO and C-DEBI (9 – 10 May)

2016: Joint Genome Institute (JGI) Users’ Meeting, Walnut Creek, California (22 – 24 Mar)

2016: Center for Dark Energy Biosphere Investigations (C-DEBI) NSF Site Visit, Los Angeles, California (9 Feb)

2015: American Geophysical Union (AGU) Fall Meeting, San Francisco, California (14 Dec - 18 Dec)

2015: Center for Dark Energy Biosphere Investigations (C-DEBI) 5th Annual Meeting, Marina, California (4 Oct-6 Oct)

2015: EarthCube Oceanography and Geobiology Environmental ‘Omics (ECOGEO) Research

- Coordination Network meeting sponsored by National Science Foundation, Honolulu, HI (27 Aug – 28 Aug)
- 2015: Science and Technology Centers of Excellence Directors meeting sponsored by National Science Foundation, Honolulu, HI (26 Aug – 27 Aug)
- 2015: Marine Geoscience Leadership Symposium sponsored by Consortium for Ocean Leadership U.S. Science Support Program, Washington, DC (16 Mar - 20 Mar)
- 2015: “ECORD Training Course: The Virtual Drillship Experience” sponsored by European Consortium for Ocean Research Drilling (ECORD), GLOMAR, and MARUM, University of Bremen, Germany (9 Mar – 13 Mar)
- 2015: Microbial Genomics & Metagenomics (MGM) Workshop sponsored by Department of Energy Joint Genome Institute (DOE-JGI), Walnut Creek, California (9 Feb – 13 Feb)
- 2014: American Geophysical Union (AGU) Fall Meeting, San Francisco, California (15 Dec - 19 Dec)
- 2014: Ecological Dissertations in the Aquatic Sciences Symposium XI (Eco-DAS XI) sponsored by National Science Foundation (NSF), Center for Microbial Oceanography: Research and Education (C-MORE), University of Hawaii School of Ocean Earth Science and Technology (SOEST), and the UH Department of Oceanography (19 Oct – 25 Oct)
- 2014: “Data Analysis for Genomics”, Harvard School of Public Health, edX.org online course (Online; 7 Apr – 1 Jun)
- 2014: Effective Communication and Team-Building Workshop: Workplace Problem-Solving sponsored by the Center for Microbial Oceanography: Research and Education (C-MORE), Honolulu, Hawaii, USA (23 Feb)
- 2014: Center for Dark Energy Biosphere Investigations (C-DEBI) NSF Site Visit, Los Angeles, California (14 Jan-15 Jan)
- 2014*: University of Hawaii Astrobiology Institute National Aeronautics and Space Administration (NASA)-Nordic Winter School, Hawaii, USA (1 Jan-14 Jan)
- 2013: American Geophysical Union (AGU) Fall Meeting, San Francisco, California (9 Dec-13 Dec)
- 2013: Deep Submergence Science Committee (DeSSC) Early Career Scientist Program and Meeting sponsored by University-National Oceanographic Laboratory System (UNOLS) and National Science Foundation (NSF), San Francisco, California (7 Dec- 8 Dec)
- 2013: R Crash Course for Microbial Ecologists, Detroit, Michigan (4 Nov- 6 Nov)
- 2013: Center for Dark Energy Biosphere Investigations (C-DEBI) 3rd Annual Meeting, Marina, California (6 Oct-8 Oct)
- 2013: Family-Career-Life Balance on “Do Babies Matter” sponsored by the Center for Microbial Oceanography: Research and Education (C-MORE), University of Hawaii at Manoa (2 Jul)
- 2013*: EU-US Theoretical and Practical Course on Marine Bioinformatics “Marine Omics” Workshop, Newark, Delaware, (17 Jun-28 Jun)
- 2013: Association for the Sciences of Limnology and Oceanography (ASLO) Aquatic Sciences Meeting, New Orleans, Louisiana (17 Feb-22 Feb)

- 2013: Networking Workshop sponsored by the Center for Microbial Oceanography: Research and Education (C-MORE), New Orleans, Louisiana (17 Feb)
- 2012: American Geophysical Union (AGU) Fall Meeting, San Francisco, California (3 Dec-7 Dec)
- 2012: Deep Submergence Science Committee (DeSSC) Early Career Scientist Program and Meeting, sponsored by University-National Oceanographic Laboratory System (UNOLS) and National Science Foundation (NSF), San Francisco, California (1 Dec-2 Dec)
- 2012: Center for Dark Energy Biosphere Investigations (C-DEBI) 2nd Annual Meeting, Marina, California (22 Oct-23 Oct)
- 2012: Science Writing Workshop sponsored by the Center for Microbial Oceanography: Research and Education (C-MORE), University of Hawaii at Manoa (2 Oct)
- 2012: “Ocean Crust Processes and Consequences for Life” sponsored by the Dark Energy Biosphere Institute (DEBI), University of Bremen, Germany (7 Jun-9 Jun)
- 2012: Astrobiology Science Conference (AbSciCon) sponsored by the National Aeronautics and Space Administration (NASA), Atlanta, Georgia (16 Apr-20 Apr)
- 2012: Integrated Ocean Drilling Program (IODP) Expedition 327 Post-cruise Meeting, Honolulu, Hawaii (12 Mar-13 Mar)
- 2011: “Enhanced Ocean Upwelling: Science, Engineering and Potential Applications” sponsored by the Center for Microbial Oceanography: Research and Education (C-MORE) and EarthFree Institute, University of Hawaii at Manoa (29 Nov-30 Nov)
- 2011: Diversity Teleconference sponsored by the Center for Microbial Oceanography: Research and Education (C-MORE), University of Hawaii at Manoa (27 Oct)
- 2011: OCEANS '11 sponsored by Marine Technology Society (MTS) & Institute of Electrical and Electronics Engineers (IEEE), Kailua-Kona, Hawaii (19 Sep-22 Sep)
- 2011: “AUV Technology and Application Basics” sponsored by the Marine Technology Society (MTS) & Institute of Electrical and Electronics Engineers (IEEE), Kailua-Kona, Hawaii (18 Sep)
- 2011: “Acoustic Seabed Classification with Multibeam and Sidescan Images” sponsored by the Marine Technology Society (MTS) & Institute of Electrical and Electronics Engineers (IEEE), Kailua-Kona, Hawaii (18 Sep)
- 2011: U.S. Advisory Committee for Scientific Ocean Drilling (USAC) Biannual Meeting sponsored by Consortium for Ocean Leadership U.S. Science Support Program, Washington, DC (18 Jul-20 Jul)
- 2011: “Paleobiology During the Genomics Era” sponsored by the NASA Astrobiology Institute (NAI), Hosted Online courtesy of the J. Craig Venter Institute (JCVI) (Online; 12 May-13 May)
- 2011: “Deep Biosphere Sediment Microbiology” sponsored by the Dark Energy Biosphere Institute (DEBI), University of North Carolina at Chapel Hill (7 Mar-9 Mar)
- 2011: Center for Microbial Oceanography: Research and Education (C-MORE) 4th Annual Meeting, University of Hawaii at Manoa (2 Mar-4 Mar)

- 2011: Proposal-Writing Workshop as part of the Center for Microbial Oceanography: Research and Education (C-MORE) Annual All-Hands Meeting, University of Hawaii at Manoa (4 Mar)
- 2010: “Molecular Paleontology and Resurrection: Rewinding the Tape of Life” sponsored by the NASA Astrobiology Institute (NAI), Hosted Online courtesy of Montana State University (Online; 8 Nov-9 Nov)
- 2010: 13th International Symposium for Microbial Ecology sponsored by the International Society for Microbial Ecology (ISME), Seattle, Washington (23 Aug-27 Aug)
- 2009: “Subseafloor Ocean Biosphere and Borehole Observatory Science” sponsored by the Dark Energy Biosphere Institute (DEBI), Kailua-Kona, Hawaii (18 Oct-20 Oct)
- 2009: Center for Microbial Oceanography: Research and Education (C-MORE) 2nd Annual Meeting, University of Hawaii at Manoa (16 Mar-18 Mar)

* cross-listed in “Education” section

LOCAL

- 2018: Lawrence Livermore National Laboratory (LLNL) and UC National Laboratories (UCNL) Data Science Workshop, Livermore, CA (7-8 Aug)
- 2016: Microbial Chemostat Short-Course and Practical, University of Southern California (Spring 2016)
- 2015: “Software Carpentry Workshop”, University of Hawaii at Manoa (19 Oct-20 Oct)
- 2013: “Using QIIME for Microbial Community Analysis” sponsored by Hawaii State IDeA Network for Biomedical Research Excellence (INBRE), Pacific Center for Emerging Infectious Diseases Research, Hawaii Office of Experimental Program to Stimulate Competitive Research (EPSCoR), University of Hawaii at Manoa (15 Mar)
- 2012: “Career Choices in Oceanography and Related Fields” sponsored by the Center for Microbial Oceanography: Research and Education (C-MORE), University of Hawaii at Manoa (5 Nov)
- 2012: “Clustering in Bioinformatics and Medical Informatics” sponsored by Hawaii State IDeA Network for Biomedical Research Excellence (INBRE), Centers of Biomedical Research Excellence (COBRE), and Research Centers in Minority Institutions (RCMI) Program, University of Hawaii at Manoa (17 May)
- 2012: “Using Databases and Flat Files to Organize or Mine Large Datasets” sponsored by Hawaii State IDeA Network for Biomedical Research Excellence (INBRE), Centers of Biomedical Research Excellence (COBRE), and Research Centers in Minority Institutions (RCMI) Program, University of Hawaii at Manoa (9 Apr)
- 2012: “Science: Becoming the Messenger” sponsored by the National Science Foundation (NSF), Honolulu, Hawaii (23 Jan-24 Jan)
- 2011: “Introduction to Perl for Bioinformatics” sponsored by Hawaii State IDeA Network for Biomedical Research Excellence (INBRE), Centers of Biomedical Research Excellence (COBRE), Research Centers in Minority Institutions (RCMI) Multidisciplinary and Translational Research Infrastructure eXpansion (RMATRIX), University of Hawaii at Manoa (9 Dec-10 Dec)

- 2011: “The CIPRES Science Gateway” sponsored by Hawaii State IDeA Network for Biomedical Research Excellence (INBRE) and Centers of Biomedical Research Excellence (COBRE), University of Hawaii at Manoa (19 May)
- 2011: Proposal Development Workshop sponsored by the Hawaii Office of Experimental Program to Stimulate Competitive Research (EPSCoR), University of Hawaii at Manoa (6 Apr)
- 2010: “Introduction to Mac and Linux Command Line for Bioinformatics” sponsored by Hawaii State IDeA Network for Biomedical Research Excellence (INBRE) and Centers of Biomedical Research Excellence (COBRE), University of Hawaii at Manoa (8 Dec)
- 2010: “Science & the Media: Opportunities and Challenges in a Rapidly Changing World” sponsored by Communication Partnership for Science and the Sea (COMPASS) and the Center for Microbial Oceanography: Research and Education (C-MORE), University of Hawaii at Manoa (24 Sep)
- 2009: “Workshop on the analysis of microbial sequence data using ARB” sponsored by the Center for Microbial Oceanography: Research and Education (C-MORE), University of Hawaii at Manoa (13 Aug-14 Aug)
- 2008: “Teaching All Students, Reaching All Learners: Innovative Ways to Address Disability & Diversity in the Postsecondary Classroom”, University of Hawaii at Manoa Center on Disability Studies and Center for Teaching Excellence (Online; Dec)

CURRENT CERTIFICATIONS

SCUBA Divemaster, Rescue, Advanced Diver, and Enriched Air Nitrox, PADI

Emergency Responder CPR/First Aid – Adult, Primary/Secondary Care for Children with AED, Emergency First Response

On-line Course Completed, Boat U.S. Foundation for Boating Safety and Clean Water
